Verbania, 1st edition of the "Lago Maggiore Boat Festival"

Three days entirely dedicated to the nautical world and all its related activities: from Friday, May 18th to Sunday, May 20th, in the beautiful marina of Verbania, it will take place the 1st edition of the "Lago Maggiore Boat Festival".

The event is organized by AecoMarine, boating company of Milan. The area of the Boat Festival will be divided in four different areas: the ground area at the marina for the exhibition of boats and objects for the navigation, the waters of the lake to test the boats, an entire area dedicated to the security and the respect of

the territory curated by the local institutions and finally an area for the press and the conferences.

The event was joined by some of the most important sites of northern Italy, each of them will have a spece for the hospitality of the visitors, spaces on land and in water. The marina was chosen as location of the event to let people know the area near the Arena, where there will be the new Events Centre of Verbania, future centre for conferences, exhibitions and cultural activities of the city.
