The Distretto dei Laghi protagonist on tv and on the Internet!

"Linea Verde" has come into our territory, especially into the Valleys Antigorio and Formazza. The episode aired on Sunday, January 19th on Rai1: the two television hosts visited the hydroelectric power station of Verampio-Crodo, the Uriezzo Gorges, the stable of the Agricultural Cooperative of Formazza, Morasco, Canza, Baceno, Domodossola and the Professional Institute for Agriculture and Environment "Fobelli" of Crodo. On our website you can access the link to review the episode! On the homepage of Tgcom24 and on

www.myownitaly.com they talk about Lake Orta: a very interesting proposal of itinerary on the shores of the lake, with many pictures published! Finally, we remind you that on January 26th during the live episode of "Quelli che il calcio" on Rai2, they will present the girls selected for the "Debutante Ball 2014" that will be held in Stresa on March 8th. In short, plenty of space on television and on the internet for our fascinating territory...from the valleys to the lakes!
