New Year celebrations from the valleys to the lakes!

2014 is approaching and our territory proposes an agenda full of events for a great finish and a start of the new year even better! Among the many events we mention: the dinner at the mountain hut 2000 in San Domenico di Varzo, an offer all inclusive. In Ornavasso, New Year's Eve for families at the Valley of the Twergi area. The Navigazione Lago Maggiore proposes also this year the New Year's Eve Cruise with departures from Arona and Angera: live

music, dinner and midnight toast on the lake! On the Isle Bella, the biggest New Year's Eve party on the lake: pirates from each region together for a big party without limits! In Arona, special opening of the ice rink, that on December 31st will be open until 2.30 in the morning. Special opening also for the ice rink in Verbania that will be open until 3 in the morning! Happy new year to everybody!
