LET'S FALL BETWEEN LAKES AND ALPS!

The region of Lake Maggiore
PIEMONTE, Italy

With over 3,7 million visitors a year, 79% foreigner, the region of Lake Maggiore is one of the most important destinations in Northern Italy. Here people come to spend a holiday in the name of Dolce Vita...

The romantic atmosphere of the Lakes, the grandeur of the Alps

From fascinating Lake Maggiore with the enchanted Borromeo Islands, to peaceful Lake Mergozzo, all the way up to the bewitching scenario of Lake Orta with the mystic St Jules Isle: nature, art and historical jewels really make this a unique place-to-stay in Italy. Just nearby, mountain lovers have the chance to explore the Ossola Valleys with their extensive forests, alpine lakes, imposing peaks, and breath-taking nature parks.

Discover, and rediscover, our famous landscapes not only in a typically leisure key but also outdoor, food & wine and wellness

The region is renewed in the eyes of tourists as it increasingly offers modern slow holidays starting from a delicious cuisine made with organic products and typical

recipes, outdoor activities in close contact with an uncontaminated nature and, last but not least, the relaxation of healthy water springs. Live emotional moments to take with and remember over time!

The territory shows itself in new clothes when summer ripens, autumn is on fire and the tourist season gets longer

This is the best period of the year to do fresh open-air activities following our hiking and biking trails within everyone's reach, savour genuine cold cuts and cheese from the mountain as well as delicate lake fish, taste a glass of Nebbiolo red wine, enjoy the comfort of alpine thermal baths, meet locals where they usually go to have fun! In fact, a series of spectacular events accompanies the flow of seasons here... Great music on the lakes alternates with tasty cuisine and folklore up in mountain villages.
